# UH-60A CRASH RESCUE

**TYPE: TWIN ENGINE**
**CREW: 3 (COMBAT 4)**
**PASSENGERS - 11**

- To gain entrance to cabin, slide or break either cabin door window and pull jettison handle.

*Note jettison handle is on the door just below the window.

- If cabin door fails to jettison or cargo-passenger door fails to open, break windows or windshield.
